

26.05.2008

Dear Madam/Sir,

Are you interested in promotion of your products and services among the leading researchers, engineers, professors and students in artificial electromagnetic materials, metamaterials, nano-materials, electromagnetics, optics and antennas? There is a perfect opportunity to reach your target audience at the **2nd International Congress on Advanced Electromagnetic Materials in Microwaves and Optics, Pamplona, Spain, September 21-26, 2008 - Metamaterials 2008 Congress** (<http://congress2008.metamorphose-vi.org/>). This event brings together your potential customers for 6 days of presentations, discussions, exchanges, courses and strategy development in artificial electromagnetic materials science and technology. The 2007 edition of the Congress (<http://www.metamorphose-eu.org/Congress/>) attracted almost 400 participants from 40 different countries of 5 continents (for more details see our 2007 Congress report enclosed with the letter).

We offer the following two basic forms of possible cooperation:

1. Exhibitor - if you want to promote your company yourself at our Congress.
2. Sponsor – if you want us to promote your company via our Congress website, social events, special actions and conference materials.

Please find the details in the appendix to this letter.

We are happy to negotiate conditions of your participation in this event. Please feel free to call us any time or write an email.

For more information about our Congress and to download the 2007 proceedings please, visit our websites:
